TORONTO:  
WILLIAMSON & Co.

1887

This is a little hand-book of information about the University of Toronto. It contains, in chronological order, lists of the graduating classes, medallists and prizemen of the University since its incorporation in 1850; the graduates of King's College will also be found herein.

In addition, there will be found other statistics of a useful nature, as well as a complete list of Graduates, with their Postoffice addresses. Names have been arranged, where occasion permits, alphabetically.

The information was collected not without difficulty, and from sources that were not always accurate; as a consequence some errors and omissions may be looked for. Graduates would confer a favor by noting such on the blank pages and informing the editors thereof, so that they may be corrected in a subsequent edition. The aim of the compilers is to issue the book yearly, gradually introducing further information pertaining to the University and to its Affiliated Colleges. The editors will be glad to receive information addressed either to W. J. Loudon, University College, or to W. F. Maclean, *World* office, Toronto.

The name "Fasti" and the motto on the title page are taken from a somewhat similar book in connection with King's College (the predecessor of the University), which only came into the hands of the compilers near the end of their present labors, and from which is taken the information respecting King's College contained at the close. The compiler of the Fasti of King's does not give us his name, but the editors of the present Fasti are none the less to him indebted.

## KING'S COLLEGE.

*From Fasti Academici from 1827 to 1850.*

King's College, at York (now Toronto), was established by his late Majesty George IV., by charter bearing date March 15, 1827, with the style and privileges of a University. It was endowed by the same Sovereign with 225,944 acres of land, by patent, bearing date Jan. 3rd, 1828.

In the year 1837, the two Houses of the Legislature of Upper Canada amended the charter by a Bill, to which the Lieut.-Governor gave the royal assent March 4, of that year.

In the year 1842, on April 23, the foundation stone of the building in the University Park was laid by His Excellency the Right Hon. Sir Charles Bagot, G.C.B., M.A., Christ Church, Oxford, Governor-General of British North America, &c.

In the year 1843, temporary accommodation having been provided in the Parliament Buildings, the first Matriculation of Students took place; and the Inaugural Addresses and Lectures were delivered on June 8 and 9.

In the year 1849, the two Houses of the Legislature of Canada, by a Bill, to which the Deputy-Governor gave the royal assent May 30 of that year, repealed the Act of 1837, and "so much of the said charter, so granted by his late Majesty King George IV., as aforesaid, as is contradictory with this act or any of the provisions thereof, or as makes any provision in any matter provided for by this act other than such as is hereby made in such matter."

On October 25, 1849, His Excellency the Right Hon. the Earl of Elgin and Kincardine, K.T., M.A., Merton College, Oxford, Governor-General of British North America, &c., presided as Chancellor at the last Commencement of King's College.

On January 1, 1850, the new Act came into operation, and the institution is hereafter to be conducted, according to its provisions, under the designation of "The University of Toronto."
